

New Parking Facility at Buffalo Niagara International Airport Provides Exceptional Perks

BUFFALO, N.Y., Dec. 11, 2008 (SEND2PRESS NEWSWIRE) -- InstaParking LLC announced this week that they began operations servicing parking customers at the Buffalo Niagara International Airport. Currently, the facility has over 1,000 parking spots for valet and self-park executive customers. They are located at: 4455 Genesee Street, directly across from the east entrance of the airport.

InstaParking also has the ability to expand to 2,000 parking spots, making it the largest off-airport parking facility servicing the Buffalo Niagara International Airport.

InstaParking's service includes valet parking on a daily, weekly, and monthly basis. There is also an executive program where customers can rent a specific spot by the month.

"There was a shortage of parking at the Buffalo Niagara International Airport last winter and InstaParking has filled that need," Steve Mooar, President of InstaParking LLC, commented.

Mooar adds, "It's also about more than just filling a need; it is about providing a great customer service experience. Compared to other parking facilities, our location has the shortest free shuttle ride to the departure terminal and we also clear off the ice and snow when our customer returns to their car."

To celebrate their opening, for a limited time, InstaParking is offering a kick-off rate of \$7 per day and \$45 per week. The regular rate is \$10 per day and \$60 per week.

About InstaParking LLC

In 2008, InstaParking LLC was founded to provide the best customer service and parking experience for customers at the Buffalo Niagara International Airport. InstaParking offers volume, fundraising, and corporate programs for valet parking as well as monthly self-park programs.
